A CHILD HATES OIL, CALOMEL, PILLS FOR LIVER AND BOWELS

Give "California Syrup of Figs" if cross, sick, feverish, constipated.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

The Kinder Way.

A small special constable when on top of a tram-car was requested by the conductor to come down to deal with a man who was inclined to be abusive, says Tit-Bits. Reluctantly, the special constable complied with the request, but found himself confronted by a huge navy about 6 feet 6 inches high and 4 feet broad.

"There he is," said the conductor. "He won't pay his fare."

The small special constable's reflection, and then remarked sadly: "Well I suppose I must pay it for him."

Two Children Had Croup.

The two children of J. W. Nix, merchant, Cleveland, Ga., had croup last winter. One was a boy of 6, the other a girl of 8 years. Mr. Nix writes: "Both got so choked up they could hardly breathe and couldn't talk. I gave them Foley's Honey and Tar and nothing else and it entirely cured them." This reliable medicine should be in every home for it gives immediate relief from colds, coughs and croup, heals raw inflamed throat and loosens phlegm. Sold everywhere.

deed of John J. Morris dated June 30th, 1904, recorded in clerk's office in Deed Book B B B, page 157, and more accurately shown by plat of same recorded in clerk's office for Anderson County in Book Z Z Z, page 126. The said lot has following dimensions, courses and distances beginning at a stake on the edge of sidewalk on the Northeastern corner of the lot and running thence S. 81 1-2 W. 210 feet to corner designated by post; running thence S. 90 8' E. fifty (50) feet to corner; thence N. 81 1-2 E. 210 feet to corner on South Main Street; thence N. 90 8' fifty (50) feet along said Main Street to beginning corner. Said lot of land contains one-fourth (1-4) of an acre, more or less.

Terms: Cash. Purchaser to pay extra for papers and stamps.

W. P. Nicholson,
Probate Judge as Special Referee.

COL. GOETHALS MOVES MOUNTAINS OF DIRT

Gluck Mill

Panama, Oct. 21.—These hills and valleys and various other pieces of Panama geography that have been lumbering around and falling into the canal so carelessly and getting it all stuffed up, have peeved Governor Goethals. So today he pointed out a couple of mountains that he said were causing all the trouble and instructed his men to "take 'em away."

"What, the mountains?"
"Yes, the mountains."
"You mean you would like these mountains removed?"
The mountains, be it said, began moving today.

It's really a small matter. Moving a few mountains more or less is of slight concern to Goethals. Chopping a hole in the face of the earth and building a young sea to connect a couple of others—that didn't dismay him. Why stop at shunting mountains around?

"Construction days" are being repeated in Gaillard Cut, formerly known as Culebra Cut. A score of big dredges and steam shovels and an army of workmen are removing thousands of cubic earth from the recent slides from Gold and Contractors' Hills.

Gov. Goethals a few days ago expressed hope of reopening the canal November 1, but the date may be extended. Nearly 200 vessels, held up by the slides since the latter part of September, wait at the docks at Balboa, the Pacific terminal, and Colon on the Atlantic.

"When will the slides permanently stop?"
"That's as easy to predict as the end of the European war," is the answer.

The removal bodily of the two mountains Gold and Contractors, being blasted away and the earth sluiced down to fill hills and valleys a mile distant, is expected to stop the slides.

That the slides will sometime stop forever—"some day" is certain. This is confidently stated by Gov. Goethals. The worst slides, it is believed, are now over. The last was the worst since the "big ditch" was opened.

"Shoring off" of the precipitous mountains which form the giant boundaries of Gaillard Cut is the gradual, slow process which will prevent future slides.

The peculiar geological formation of the Panamanian mountains makes this feat difficult. Instead of fir rocks or sandy subsoil, interlaced by heavy forests, like the Rocky Mountains, those of Panama are shelving hills of red and yellow clay, covered with tropical trees of small stature and undergrowth which does not "knit" the loose soil.

The "slides" are not an avalanche of rock and earth from the top of the mountain peaks, but a movement from below. As the base of the slanting cuts weaken through seepage of rains and water in the canal, the earth softens and is pressed, downward and outward so the canal channel by the heavier and more composite masses above.

The slide movement occurs comparatively slowly. It is detected by encroachments from the base of the cliffs. Sometimes the movement is so speedy that dredges and tracks are covered. Generally the earth at the base slowly mounts and is pushed until it encroaches into the channel.

When the upper part of the hills are cut away to such an angle that the pressure upon the earth beneath is removed, the slides will stop. The recent slides were expected to cut away, in sections, or terraces, like a steep lawn is terraced to prevent erosion and "cave ins." The same principle, on a gigantic scale, will stop the slides.

Gold Hill has been known as the "Cul." Contractors Hill, another source of bad slides, is almost straight across. These are the only two important slide danger points remaining in the "Cut."

When construction was first begun, the slides of Gold Hill were almost perpendicular. Now they have been cut away to a very slanting angle and will soon be reduced to a point where slide danger will be almost removed.

Chronic Constipation.
"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. For sale by all dealers.

"I saw a professor of magic remove 30 yards of ribbon, 14 plumes and seven buckles from a hat."
"Enough material to trim it nicely," commented the party of the feminine part.—Louisville Courier-Journal.

CITROLAX CITROLAX CITROLAX
Best thing for constipation, sour stomach, liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet and wholesome.—R. H. Wehrecht, Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not grip—no unpleasant after-effects." Sold everywhere.

"Bob" and "Bill" Robinson sell the syrup that Mr. Byars wrote Mr. Suttles about. It's the best ever made.

GLUCK MILL

Mrs. W. T. Delvin, and several of her friends, had a show at the hall Saturday night. A small admission was charged for the benefit of the parsonage. It was a nice clean show and they had music by the string band.

Mr. Ike James of Elbert county Georgia, have moved his family over here. He will be over to stay in a few weeks, as soon as he gathers his crop.

Misses Lillian Lee and Myrtle McDonald spent Saturday night with Mrs. J. P. Tollison.

There were one hundred and twenty-six scholars present at Sunday school Sunday morning and sixty-eight the Sunday before.

Miss Ethel Hitt visited friends and relatives in Williamston Sunday.

Rev. D. H. Jones preached at the hall Sunday night.

I saw in an Elberton paper where cotton seed sold for \$55.00 per ton at Elberton the 14th, and the same day at Anderson it sold for \$40 per ton. Some difference?

Rev. J. S. Butts preached at the hall Monday night.

The mill stopped here Friday for Barnum & Bailey's big show. Nearly everybody here went to town that day.

Consoled.
A rector in South London was visiting one of his poorer parishioners, an old woman afflicted with deafness, relates Tit-Bits. She expressed her regret at not being able to hear his sermons. Desiring to be sympathetic and to say something consoling, he replied, with unnecessary self-deprecation, "You don't miss much."

"So they tell me," was the disconcerting reply.

For Indigestion.
Never take pepsin and preparations containing pepsin or other digestive ferments for indigestion, as the more you take the more you will have to take. What is needed is a tonic like Chamberlain's Tablets that will enable the stomach to perform its functions naturally. For sale by all dealers.

Anderson Hardware Co

Wholesale Prices to the Retail Trade

In all sorts of supplies for everybody in the city as well as in the country.

We can supply your home with the necessary Heavy, Fancy and Staple Groceries.

BIG DOINGS AT CHARLESTON

DECEMBER 13th TO 17th, 1915

The Southern Commercial Congress will be held at Charleston December 13th to 17th, 1915. This is an Association of prominent business men from all over the South and meetings are held each year for the purpose of discussing business welfare, both of the manufacturer and of the farmer. Last year the Congress was held at Oklahoma City and the year before at Mobile. This year the meeting is to be held in Charleston and very many men of prominent business, social and public life have already accepted invitations to be present. At least four members of the Cabinet of the President of the United States will be present at the meeting.

A squadron of the Atlantic Fleet, Torpedo Boats, Submarines and Torpedo Boat Destroyers, as well as Drednaughts, will be in the Charleston Harbor, open for inspection of the public, December 14th and 15th, and visitors at this time will also have the pleasure of seeing a magnificent carnival.

Southern Railway is arranging special fare tickets and excursion trains.
